A white Chevrolet Silverado pickup truck is the central focus, parked on a snowy surface at night. The truck is decorated with a large, festive bow on the front grille and a string of blue and white lights draped over the cab and bed. The word "FAMILY" is visible on the side of the door. In the background, a building with a sign that reads "SUGAR SHACK" is illuminated. To the left, another vehicle with its headlights on is partially visible. The scene is set in a snowy, outdoor environment.

An aerial architectural rendering of a proposed campus expansion for the University of North Carolina at Charlotte. The image shows a complex of new academic buildings with various rooflines and colors (brown, grey, blue). A large, circular green lawn is a central feature. The campus is surrounded by parking lots, roads, and existing green spaces. The rendering is presented in a perspective view from above.
